Sanlam Namibia Inflation Linked Fund

Fund Objective

The fund invests in a flexible combination of investments in the equity, bond and money markets, both locally and abroad, aiming for positive real returns (comprising capital and income growth) over the medium to long term. The fund complies with holding a minimum of 45% Namibian Asset. The fund is ideally suited to the cautious investor wanting to save for e.g. retirement. The fund is suited for any investor wanting to earn a real return.

Fund Strategy

The fund can invest in local and international equity, gilt and money markets. Up to 20% of the value of the fund may be invested in other unit portfolios.

Why choose this fund?

*The fund aims to smooth returns and reduce volatility and is thus an ideal investment for times of market instability.

*Capital protection is of primary importance. This makes it an ideal investment for the client who has a medium-term (or longer) investment in mind and who requires capital stability.

*The fund is recommended for use as a core fund when following a core/satellite approach, particularly for the more risk-averse client.

*The fund aims to outperform inflation (CPIX) by a margin of 4% (gross of fees) over any rolling 3-year period, while also aiming to prevent any capital losses over any rolling 12-month period.

*This fund is only cognizant of its target and not of any peer group.

*This fund complies with the minimum holding of 45% Namibian Assets.
